Secretary to the Government of H. H. the Maharaja of Mysore, General and Revenue Departments.

SIR,

In forwarding herewith copy of letter No. 5773 dated the 17th July 1913 from the Chief Engineer requesting that a Police staff consisting of one Duffedar and 4 Constables may be stationed at Herige in the Hunsur Taluk during the construction of a tank there, I have the honor to state as follows.

2. From the Chief Engineer's letter it is clear that the work is one of magnitude with an outlay of over 1¼ lakhs and it is expected to take 4 years for completion. It is a fact well known to Government that the Police Force, as it is at present, is quite inadequate to admit of being entrusted with any work quite beyond the ordinary duties for which the Force is intended. Much less can it afford to meet this demand of the Public Works Department for a period of 4 years. Hence, I request that you may be so good as to obtain the very early sanction of Government for a temporary Police staff as detailed in the margin at Herige in the Hunsur Taluk

For Inspector General of Police.

Letter No. 5773 dated the 17th July 1913 from the Chief Engineer of Mysore to the Inspector General of Police in Mysore.

I have the honor to forward herewith an extract of para 2 of letter No. 448 dated the 7th May 1913 from the Executive Engineer, Mysore Division, requesting that a Police staff consisting of a Duffedar and four constables may be stationed at Herige in the Hunsur Taluk, in order to keep a watch over the coolies imported for the tank works. C/

2. The construction of the tank which is estimated to cost Rs. 1,37,212 may take about 4 years to be completed and the temporary Police staff will be required to be stationed at the work spot for that period. I shall be glad if arrangements are made to post the required Police establishment at your earliest convenience agreeably to the orders contained in Government Proceedings No. Fl.2312-4/Gl.Fin.52-07-2 dated the 15th November 1907.

3. Suitable sheds will be provided for the dwelling of the Police men.

Extract from letter No. 448 dated the 7th May 1913 from the Executive Engineer, Mysore Division, to the Superintending Engineer, Southern Circle.

2. For fear of cholera, 89 waddars ran away and 84 persons are detained under Police watch. As the disease abated, the waddars resumed work on the 24th ultimo, Sub-overseer Mukundasawmy Naidu has gone to Dharmapuri to induce the runaway men to go back to the work or to return the amount

of advances. The result of his efforts will be separately reported. As a separate Sub Division is since sanctioned for the restoration of this tank the strength of the labour which is 100 men will have to be increased to 600 to be able to complete the work in a reasonable time. Assistant Engineer Mr. Aradya thinks that the establishment of a Police Station at Herige with one Duffedar and four constables will be of great help. I agree with the Assistant Engineer and request you to kindly address the Inspector General of Police on this matter.
